

HOLLOW WAY MEDICAL CENTRE

PATIENT TELEPHONE NUMBERS AND E-MAIL ADDRESSES

We are checking and updating the telephone numbers on our patient database. We are also recording patient e-mail addresses, as some patients have expressed an interest in being contacted by e-mail.

We operate a text message reminder service for your appointments so it is very important that we have the correct mobile phone details recorded for you.

Please complete the following form, and hand it back to the receptionist, and also indicate if you are happy to receive text messages from the surgery.

Thank you.
